EDUCATION

2019 - 2023 | Vel Tech University Chennai

Bachelor of Technology in Aeronautical Engineering

CGPA: 8.34/10

INTERNSHIP EXPERIENCE

Flatirons Solutions – Intern Technical Writer - 12/9/2022 – 31/3/2023
- As an intern, I worked in Admin position and coordinated the work allocations, source download for authoring and moving the DMC to final delivery check. I was part of the CSLE team; together we worked to accomplish the deliveries count within the deadline.

PROJECTS

Backend Projects:
CRUD operation using Spring Boot: BookStore
https://github.com/Jayagowtham/BookStore_Spring_Boot.git
- Objective: Develop a server-side application using OOPS principles, focusing CRUD on storing user details in an Oracle database and Bookmark feature and well design pages to view.

CRUD operation using Spring Boot: Bike showroom:
https://github.com/Jayagowtham/Bike_Showroom_Spring-Boot.git
- Engineered a Spring Boot solution, enabling secure and CRUD operations using SQL on Oracle database for seamless external access using Rest controller and API using Postman.

Frontend Projects:
Personal Portfolio:
https://github.com/Jayagowtham/Personal-Portfolio.git
- Elevated my online presence with a Portfolio featuring, experience, and projects, crafted with HTML, CSS, and JavaScript to enhance user engagement.

Movie Land - ReactJs:
https://github.com/Jayagowtham/MovieLand_ReactJs.git
- Developed a ReactJs Movie search Portal page to search for movie using an external API to fetch data across web.

Weather App – ReactJs:
https://github.com/Jayagowtham/Weather-App-ReactJs.git
- React.js project that provides real-time weather for any city, a weather API for data retrieval and rendering a user interface.

E-commerce with Advance Filter – ReactJs:
https://github.com/Jayagowtham/ECommerce-AdvanceFilter.git
- E-Commerce for shoe sales with advanced filtering. Utilizes React Icons and JavaScript handlers for dynamic filtering and search functionality.

CERTIFICATES

- Full Stack Java development by Credo Systemz
- JavaScript certification by Infosys Spring Board
- AWS Cloud Practitioner Essentials by Amazon
- Machine learning with Python by Free code camp

ACHIEVEMENTS

- Won 3rd place in Football Tournament conducted in sport event.
- Served as Aviation Club President and organized a drone event.
- Participated in Avadi Night Marathon for 5 Km and won Medal.
